- Guided research
- Resource development (Education or Museum)
- Resource review and data management

OVERSEAS RESEARCH INTERNSHIPS

- Undertaking independent research with guidance and mentorship from ALPHA

ALPHA Education will be providing 2022 Summer Internship virtually. However, contingent on the Covid19 situation, we may provide in-person internship as well. Last summer, owing to the accessibility of virtual learning, there was a four-fold increase in participation compared to our in-person internship.
See separate brochure/visit our website to find out more about the Internship's webinar component.

ALPHA Education is an educational, non-profit, and registered charity in Canada that promotes a critical-historical investigation of the events of World War II in Asia. We achieve this mission through education programs, advocacy initiatives, and events along four strategic directions:

- Engaging educators and students,
- Empowering youth,
- Supporting research, and
- Connecting with the community.

Since 2019, we have started the development and building of the Asia-Pacific Peace Museum, targeted to open in late 2022.

**LET HISTORY BE
YOUR ADVENTURE**

LEARNING, TEACHING & SHARING HISTORY

EXPERIENTIAL INTERNSHIPS@ALPHA

ALPHA Education offers unique opportunities for undergraduate and post-graduate students, who are interested in the study and/or research on the history of WWII in Asia. We also accept secondary school students into our internship programs if they meet the program criteria and expectations.

Humanity education lies at the core of ALPHA Education's mission. This means that the voices and experiences of people who were/are impacted in the conflict are extremely important in reflecting the human side of the history.

SKILLS & COMPETENCIES YOU WILL GAIN:

Internships at ALPHA help students:

- Develop historical and critical thinking, which can contribute to their role in championing equity, humanity, global peace, and in standing up against all forms of discrimination and violence.
- Develop workplace skills that contribute to career competencies
- Gain cross-cultural perspectives in a multicultural Canadian workplace, and social skills in working with a diverse team.
- Experience living and working abroad for in-person internship.
